Printed Ballot Draws Out Record Vote Bethel Raises Over \$50,000 For Its Local Expenditures

A total of 591 ballots were cast in Monday's town meeting in Bethel, probably a record number of voters being in attendance. The occasion was the first use of the Australian ballot in a town election and the new method operated to the satisfaction of all. More or less criticism of the method of listing the candidates for selectmen, assessors and overseers of the poor were current during the forenoon, as many seemed to resent their inability to signify their choice of the head of the list under the new system. However when discussion of the ballot was invited after the 48 articles of the warrant were disposed of, this point was not brought up.

The meeting was called to order at 8 a. m. by Alice J. Brooks, town clerk. The warrant was read and Hugh Thurston was elected moderator. With the election in his charge the polls were open until 12:30 for the election of officers. The counting was completed at 2 o'clock and the results announced, the figures for contested offices being as follows: Selectmen—Carroll E. Abbott 318, Guy Bartlett 213, Ernest F. Blaboe 425, John H. Howe 318, Gordon Earl Lathrop 178. Road Commissioner—Howard Bailey 220, Bert Brown 272.

The rate of pay for road commissioner was fixed at \$4.00 and the selectmen will receive \$4.50. Both are for actual time. The rate paid for collecting was established at .008 and 15 cents for excise tax receipts. All of the foregoing is the same as the last two years.

In raising money for the coming year the recommendations of the budget committee were followed with one exception. \$350 was voted to provide drainage of surface water from Paradise Hill. This estimate was offered by Ernest Blaboe and Paul Thurston, Louis Van and Patrick O'Brien spoke in favor of the improvement. Mr. Thurston also spoke, as a member of the State Highway Commission explaining the State's policy of requiring satisfactory surfacing of state aid road. The town voted to apply the entire \$350 appropriation for a tar and gravel surface and it is expected that this amount with the State's appropriation will about complete the road to East Bethel.

The citizens voted against passing over an article to raise \$200 for use, if necessary, with federal funds in continuing the local plus blaster project, and then appropriated the amount. Adrian Grover made the "pass over" motion. Henry Boyker offered a dramatic appeal for the project as a relief measure, while Lenwood Verrill supplied more concrete argument in its favor.

F. J. Tyler and Paul Thurston favored the \$300 appropriation for Bethel Band. Selectman Blaboe spoke of the Band's intention of giving weekly concerts during the coming summer. Fred Clark and Mr. Blaboe also offered support of the hydrant in Mayville which was unopposed. It is expected that the cost will be \$20 a year.

The selectmen were authorized to make necessary arrangements for the best fire protection possible outside the limits of the village corporation. \$200 was raised for 1937 fire expense and \$400 for additional hose.

After the meeting the 1937 budget committee was appointed as follows by Moderator Thurston: Ernest Blaboe, Carroll Abbott, John Howe, F. E. Russell, J. P. Butts, H. M. Head, Guy Bartlett, H. C. Howe, L. E. Davis, F. F. Dean, I. L. Carver and Bert Brown.

Officers Elected

Clerk—Alice J. Brooks
Selectmen—Ernest F. Blaboe, Carroll E. Abbott, John H. Howe
Treasurer—John M. Harrington
Tax Collector—Walter E. Bartlett
Road Commissioner—Bert Brown
Auditor—Fred B. Merrill
School Committee—Edith K. Howe
The appropriations this year include items totalling about \$8,000 which are not to be expected another year, so that while this year's tax rate will be higher than usual the 1938 rate may be lower than that of 1936.

Bethel Boy Scouts

The Boy Scout Troop of this town held their regular meeting Monday at seven o'clock with their Scoutmaster, Mr. Williams. The meeting was led by Dana Brooks. Signalling, rope making and knot tying were practised. A short game period followed this.

On account of the Corporation Meeting there will not be a meeting next week, but there will be a hike Saturday afternoon. Mr. Williams announced that at the next meeting each scout is to be prepared to tell of some instance (from a paper) which was either keeping or violating the first Scout Law. The next week the second law will be used and so on through the laws.

Robert Greenleaf and Clayton Sweatt were awarded their Tenderfoot badges.

BILLY O'BRIEN CELEBRATES SIXTH BIRTHDAY

On Thursday afternoon, Feb. 26, Billy O'Brien reached the ripe old age of six years and celebrated the event with a big birthday party. The house was pretty in its decorations and the color scheme was carried out in the table decorations and birthday cake. Covers were laid for twenty-four. The party started at three and ended at six. Refreshments of hot chocolate, sandwiches, cookies, ice cream and cake were served.

Those present included: Gene and Lett Van, Rosalie George, Jimmie Brown, Marlene Anderson, Barbara Poole, Lillian Colburn, Leo Carver, Mary Wentzell, Raymond York, Bobby and Donald Croston, Richard Harty, Bob McVey, John and Billy Gilmory, Helen and Billy Robertson, Patsy and Billy O'Brien.

WELL KNOWN SPEAKER NEXT P. T. A. MEETING

The Parent Teacher Association of Bethel will hold its monthly meeting at the Bethel Grammar School on Monday evening, March 8, at 8 o'clock.

The organization has been fortunate in securing Rev. Clifford Cross of Dixfield as speaker. He has taken as his topic, "The Value of Religion in Education."

Mr. Cross is well known for his lectures and addresses, especially among members of the American Legion.

Special music will be a feature of the evening's program.

TOWNSEND CLUB

Interest in Townsend is growing in Bethel. The meeting at Alanson Tyler's last Friday evening was well attended. Refreshments were served. There was a guess cake, with guesses ranging from four pounds to twenty pounds. Quotations from Longfellow, and other readings, were given. Rev. Clifford gave a short address illustrating the difference between Communism, Fascism, and such peaceful groups as the Townsend Clubs, fighting a peaceful fight for the good of the country.

The next meeting will be with Mr. and Mrs. Wallace F. Clark, on Friday, March 12.

MRS. LEWIS NILES KELLOGG

Mrs. Lena Elizabeth Kellogg, wife of Lewis Niles Kellogg, died at 4:55 a. m. Monday following a month's illness at the St. Louis Hospital, Berlin, N. H., where she underwent surgery.

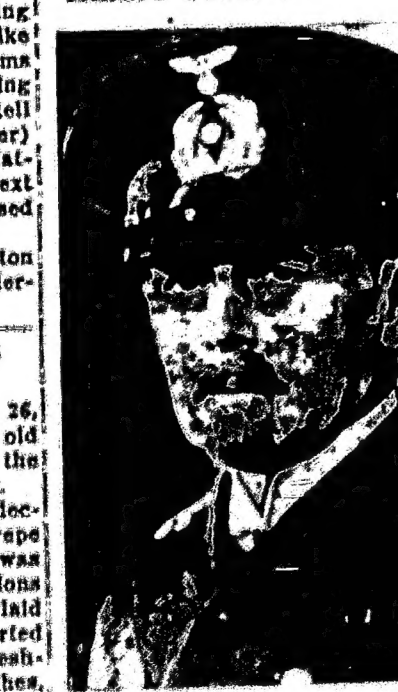

She was born at Cambridge, Mass., Nov. 30, 1886, the daughter of Mr. and Mrs. Charles Hager. She was a member of Bethel Grange, Farm Bureau, Garden Club, and the Congregational Church.

She is survived by her husband, Lewis Niles Kellogg; three children, Lewis Niles Jr., Robert and Kathryn Kellogg, Bethel; her mother, Mrs. Charles Hager; two sisters, Misses Grace and Kathryn Hager, and a brother, William Hager, all of Cambridge, Mass.

The remains were taken to Cambridge, where the funeral is held at 2 o'clock this afternoon. Burial is in Cambridge.

She will be missed by all who knew her. Much sympathy is felt for the family. A devoted wife, a loving mother, a sincere friend, can be truly said of her.

HEADS GERMAN NAVY

Admiral Carl, former vice admiral, who was raised to full rank and the post of commander of the German fleet following the surprise retirement of Admiral Raeder. According to rumors from the German capital, reason for the retirement of Admiral Raeder was his disagreement with Hitler over the naval policy with regard to Spain.

OLIVE MELISSA MASON

Mrs. Olive Melissa Mason died at her home on Vernon Street Friday, Feb. 26, after only a few days illness.

Mrs. Mason was born at Vernon, Vt., Oct. 16, 1840, the daughter of Mr. and Mrs. Chester Lee. She was educated in the schools of Vernon and a graduate of Green Mountain Institute at South Woodstock, Vt., in 1862 where she was valedictorian of her class. She came to Bethel in 1862 and taught in the little school on Broad Street and at Gould Academy.

She was married at Vernon, Vt., by the Rev. H. M. Butler to Oliver H. Mason of Bethel Dec. 7, 1865, and came to Bethel where she has since resided. She had one son, Leslie Lee Mason, who passed away 11 years ago, and was a true mother to her step-daughter Alice, who passed away eight years ago.

Mrs. Mason was a woman with a strong sterling character. She was especially interested in young people and did much to help many a girl obtain an education.

Mrs. Mason was an ardent Universalist and organist in the church for many years. She was an honorary member of the board of trustees of Gould Academy and the Bethel Library, and a member of the Rebekah and Eastern Star lodges at the time of her death. She maintained an active interest in all these even during her necessary confinement to her home. At one time she was the superintendent of schools and did much to aid along this line of work.

She is survived by two grandchildren, Mrs. E. P. Ricker and Donald K. Mason, and four great grandchildren.

Her passing removes a great landmark from the town of Bethel and she was a very active and influential woman in her day, very loyal and true to her family.

Funeral services were held Sunday afternoon at Greenleaf's funeral parlors. Rev. H. T. Wallace spoke feelingly of Mrs. Mason's life and her value to the community as a devout Christian. Many flowers bore eloquent testimony to the love of her many friends.

Burial was in the family lot at Woodlawn Cemetery. Bearers were Fred Merrill, Ernest Walker, Herman Mason, and Howard Carter.

MRS. W. C. CURTIS

Mrs. Nellie L. Curtis died Tuesday at the home of her son, Dr. Edson B. Baker, Auburn, after an illness of several months following an arm injury.

Mrs. Curtis was born at Sedgewick, June 11, 1851, the daughter of Hockiah and Maria Trussell Byard. She was graduated from Castine Normal School and in succeeding years as a teacher at Searsport and later at Presque Isle made a brilliant record. She was regarded as an especially able instructor.

Her marriage to George Haskell Baker took place at Sedgewick in 1872. They later lived at Presque Isle where his death occurred. Seventeen years later she married Rev. W. C. Curtis, a Congregational minister.

Mr. and Mrs. Curtis went to Auburn 14 years ago from Bethel when her husband gave up the ministry, and for several years lived on Western Promenade. Mr. Curtis' death occurred in April, 1932.

Until ill health prevented Mrs. Curtis had been an active worker in the High Street Congregational Church. She also was a former member of the Eastern Star, and was a member of the Woman's Library Union, the Auburn Art Club and the W. C. T. U.

Besides her son she is survived by two grand-children, Helen L. and George H. Baker of Auburn, and by several nieces and nephews in Sedgewick and in California. Funeral services are held from 10 to 12 o'clock at the residence.

Band Concerts For Summer Months

The Bethel Band organization wish to express their appreciation to the voters of the town for the interest expressed by raising the sum of \$200 to assist in the maintenance of the Band this year.

Plans are already under way to give outdoor concerts once a week during the summer and it is hoped that it will be possible to combine all the bands of Rumford, South Paris and West Paris a few times during the season to give the people a real treat in band music.

To promote further interest Mr. Cohen, the director, has offered to give one hour free class instruction preceding the regular meeting of the band on any band instrument to the children in this town who already have instruments or whose parents feel that they can purchase one.

This is a real opportunity to the younger children as Mr. Cohen's personality and patience, with adults as well as children, has already been proven by the progress made here since the work started last September.

The group who start now learning on band instruments will surely vacate the band in years to come. The band hopes to have the continued support and interest of the people. It is their desire to give the best in music and to be of some help to the growing children who feel that they would like to play in the Bethel Band some day.

Campaign for Control of Cancer

Bethel and nearby communities as well as every city and town in the State of Maine will be asked to do their part in the great war against cancer during the week of March 21st when the Women's Field Army of Maine, a unit of the American Society for the control of Cancer conducts its enlistment campaign for 25,000 members. This announcement was made by Mrs. William Holt of Portland, State Commander of the Maine Women's Field Army.

Members of the leading women's clubs and societies of the State are active in the work of the campaign and State headquarters have been opened in the Lafayette Hotel at Portland. "We hope to obtain 25,000 enlistments in the one week of the campaign with each recruit contributing one dollar," said Mrs. Holt. "Success of this campaign will enable us to provide care, treatment and hospitalization for the many among our citizens now afflicted. At the present time we have four centrally located clinics for the diagnosis and treatment of cancer and with the establishment of a substantial fund to care for the needy it will be only necessary for a person to obtain treatment by advising the family physician."

"While scores of city, town, and county units are being set up to obtain enlistments and contributions there will be many communities that cannot be organized because of the short time remaining. Our appeal will be made to each and every citizen of the State to contribute and those who cannot be contacted personally by the field workers will be asked to direct their one dollar contribution to State Headquarters in Portland, declared Mrs. Holt.

All funds subscribed will be expended by the State of Maine Executive Committee of which Dr. Macgregor Hadden of Bangor is State Chairman.

Gould Defeated in Finals

Gould Academy dropped the final game of the season when they lost at Oxford last Friday by a 25-19 score. In the first half both teams played tight defensive ball, as the half ended the score was 7-6 for Oxford.

As the third period started the Oxford team began pulling away to a lead they never relinquished. With about four minutes to go and Gould trailing 23-13 Coach Anderson sent in a complete new team of underclassmen. They staged a rally to bring the count to 25-19 before the whistle ended the game. The Oxford floor is the smallest surface that the Gould team is called to play on and the team was greatly handicapped by the closeness of the play.

Gould Students Eligible For Bates Scholarships

The Gould Academy is among the secondary schools whose senior class students are eligible for competition for 15 New England Freshman Scholarships at Bates College. The 1937 competition for the scholarships, which cover full tuition for ten men and six women, was announced this week by Harry W. Rowe, assistant to the President and dean of men.

Mr. Rowe announced that the selection of the scholarship winners would be based on: scholarship supported by full certification and placement in the upper fifth of the senior class; school citizenship and activity; financial need; full satisfaction of all admission requirements by April 15, and endorsement of the principal or college counselor in the school.

Recommendations will be sent to Mr. Rowe for the men and to Dean Hazel M. Clark, who supervises admission of young women, by the school officials.

On Friday, February 26, Philip M. Perry of the Ethyl Gasoline Corporation of New York, spent the day at Gould Academy with the General Science Club. He lectured on the refining of crude oil and the manufacture of gasoline and lubricating oils. He also used various pieces of apparatus as well as a single cylinder gasoline motor, with electrical recording device, showing the effect of ethyl gas line in eliminating motor knock.

Boys' Interclass Basketball

The Sophomores and Seniors remained in the running with clean slates as both teams won Tuesday afternoon.

Sophomores 21—Juniors 20
The Sophomores, with Wentzel in the starring role, appear to be the class of the tournament as they easily defeated the Juniors 21 to 20. The winners stepped into an early lead, 12-6 in the first period, and were never in trouble. Wentzel scored 19 of the winners 34 points. For the Juniors, Kaddy led the scoring with seven points. The Juniors missed 11 chances at the free throw line.

Seniors 22—Freshmen 27
The Freshmen started the game with the Juniors and that's about all they could produce in the first half as they fell way behind 24 to 8 before the half ended. They, however, came back with plenty of fight and gave the Seniors a real scare. With Palmer and Young doing some real basket tossing the youngsters outplayed the Seniors 12 to 4 in the third period and 7 to 4 in the final stanza. However, with the score 30 to 27 and less than a minute to play, Perry eased the strain of the upperclassmen by scoring a nice shot from the free throw circle to give the Seniors a 32-27 victory and keep them even with the Sophomores. Young with 9 points and Palmer with 8 led the Freshman attack, while Don Bennett again starred for his team by collecting 17 points. Perry also played well, collecting 9 points. Holt, Senior captain, provided the comedy of the day by shooting a basket for the Freshmen.

Sophomores on Top
Wednesday's games completed the first round of the Boys' Interclass games and put the Sophomores on top with three wins and no defeats. The game was a "nip and tuck" battle for three periods but in the final stanza Wentzel

broke loose to score 10 points along with two by Thurston and two by Wheeler which gave the underclass a commanding lead at the finish. Scores by periods were as follows:

Seniors 26—Freshmen 21
The Juniors won third place in the first round standing by defeating the Freshmen in an exciting game which was in doubt until the final whistle. Littlehale broke to enter the scoring column with a creditable showing for the first time in the series when he caged seven goals for 14 of his team's 26 points. Young and Hutchins with eight points each led the Freshmen scoring but Palmer played a starring role with his ability to retrieve the ball off the backboard. This final game of the first round leaves the Sophomores at the top with three straight wins, the Seniors second with two victories to one defeat, the Juniors third with one victory and two defeats, while the Freshmen have lost three straight to end in the cellar.

Next week on Tuesday, Wednesday and Friday the final round will be played and the Interclass Champion crowned.

Easy Pleasant Way To LOSE FAT

How would you like to lose your fat, increase your energy and improve your health?

How would you like to lose your double chin and your too prominent hips and abdomen and at the same time make your skin so clean and clear that it will compel admiration? Get on the scales to-day and see how much you weigh—then get a bottle of Kruschen Sella that cost next to nothing and which will last you 4 weeks. Take one half teaspoonful in a glass of hot water in the morning—go light on pastry and fatty meats—eat light on potatoes, butter, cream and sugar—and when you have finished the contents of this first bottle weigh yourself again.

Notice also that you have gained in energy—you feel younger in body—Kruschen will give any fat person a joyous surprise. Refuse imitations—safeguard your health—you lose fat SAFELY the Kruschen way.

Life of 88 Year Old Odd Fellow Wins Scott Wight Has Usual Ability as Musical User for Wm. Rogers Choir—Trained Festival Chorus

"Singing through 88 years of life," briefly describes Winfield Wight, who is still humming as he passes the days at the Fellows' Home at Auburn. Wight knew and worked with late William Rogers Chapman, they were young men together in Bethel. His life has been continuous round of classical music, and that was music which he still loves to hear and courage others to listen to. With a baton in his hand Wight as a young man had a million, and that was music talked it, thought it, and lived it. Prior to his association with Chapman, he worked with Harrington, prominent musical organizer. Teaching music to and choruses in seven states, the musical genius resided in his native town, Bethel, a chorus.

He soon found that he had a cult for organization work, musical nature, being able to out the best in others and to them with an incentive to doing good music.

"Let us do it this way," gentlemen with the baton explain to the hundreds of before him, and as the orchestra would break once more into voices like one melodious ment would raise with the tor's stick into a volume of sounds.

Power to sway the emotions, his gift, for his earnestness, pose and great passion for work was soon recognized. The two soon got together efforts and following Mr. Chapman work in the towns of Gorham, Lancaster, Colebrook, North Stratford, many other places in New Hampshire. It was decided that artists together with the would constitute a festive worth their efforts. In this chorus organizer worked great festival man, while Mr. Chapman conducted all the work himself.

Mr. Wight has come in with some of the most in people of New England, for a career, took him to points of this State as well as the other New England states.

"The man with a song heart," was born in 1848, was not until he was 22 years that he moved to Bethel. Mr. Chapman.

For 63 years he has been a staunch member of the I. O. O. F. and at the present time member of the Mt. Abram I. O. O. F. Bethel. For the past eight years he has made his home with people at the Odd Fellows' Home, where he enjoys the sociability around the Spring, April 2, he celebrated his 88th birthday, sing through another year of life.

**Winfield Scott Wight Had Un-

—Trained Festival Chorus**

"Singing through 88 years of life," briefly describes Winfield Scott Wight, who is still humming tunes as he passes the days at the Odd Fellows' Home at Auburn, at the venerable age of 88 years. Mr. Wight knew and worked with the late William Rogers Chapman when they were young men together, living in Bethel. His life has been one continuous round of classical music, which he still loves to hear and encourage others to listen to.

With a baton in his hand, Mr. Wight as a young man had one ambition, and that was music! He talked it, thought it, and loved it. Prior to his association with Mr. Chapman, he worked with W. J. Harrington, prominent musical organizer. Teaching music to classes and choruses in seven different states, the musical genius returned to his native town, Bethel, to form a chorus.

He soon found that he had a faculty for organization work of a musical nature, being able to bring out the best in others and to thrill them with an incentive for producing good music.

"Let us do it this way!" the gentleman with the baton would explain to the hundreds of faces before him, and as the orchestra would break once more into rhythm, voices like one melodious instrument would raise with the conductor's stick into a volume of sweet sounds.

Power to sway the emotions was his gift, for his earnestness of purpose and great passion for creative work was soon recognized by the festival conductor, Mr. Chapman. The two soon got together in their efforts and following Mr. Wight's chorus work in the towns of Berlin, Gorham, Lancaster, Groveton, Colebrook, North Stratford, and many other places of New Hampshire, it was decided that musical artists together with the chorus would constitute a festival well worth their efforts. In this way the chorus organizer worked with the great festival man, while of course Mr. Chapman conducted all his festival work himself.

Mr. Wight has come in contact with some of the most interesting people of New England, for his musical career took him to the far points of this State as well as into the other New England states.

"The man with a song in his heart," was born in 1848, and it was not until he was 22 years old that he moved to Bethel and met Mr. Chapman.

For 83 years he has been a staunch member of the I. O. O. F., and is at the present time a member of the Mt. Abram Lodge of Bethel. For the past eight years he has made his home with other aged people at the Odd Fellows' Home, Auburn, where he enjoys his radio and the sociability around him. In the Spring, April 9, he will celebrate his 89th birthday, ready to sing through another year of his life.

No issue since the World War has brought such a deluge of debate, argument and bitterly opposed controversy as the President's judicial reorganization proposal which, to all intents and purposes, would give the Executive Branch control over the Judicial Branch to an unprecedented extent. Publicists have written articles after article upon various phases of the question. Public men—say for that group which hesitates to say "yes" or "no" to anything until it has decided which side has the tide of public sentiment in its favor—have come out with their opinions. The "letters from readers" sections of the big newspapers are crammed day after day with conflicting views of the "average citizen."

The President's action has brought into the limelight a multifaceted and very old question concerning fundamental governmental theory. There are two kinds of democracies in the world. One, such as the United States, has a written constitution by which the Legislative Branch must abide or be reversed by the courts. The other kind of democracy is best exemplified by England which has no written constitution. It has instead what might be termed a "fluid constitution."

It can be changed at will by Parliament. In England the courts simply interpret legislative acts; they cannot overrule them.

Those who support the President's proposal, or some other plan which would substantially change the role of the judiciary in our life, are of the opinion that the courts and especially the Supreme Court, act as a barrier to progressive legislation.

All this controversy has naturally led to the widespread belief that the Supreme Court has negated acts of Congress on many occasions. But rather surprising are the facts regarding this as presented in a recent article in the United States News.

Since 1789, Congress has enacted 2,823 laws of that number, precisely 53 have been declared unconstitutional by the Supreme Court. And of these 53 only 16 concerned acts of national emergency or social legislation.

Just after the close of the court's last term a constitutional and illegal case was argued before it. It was the 1935 decision which said that a clause was proposed and that he could not be taken back from a "tax" clause. The clause amendment following the Civil War represented a change in constitutional procedure to change a condition that was repugnant to the people.

The case of the court occurred in 1935, when the Court decided that the clause was repugnant to the people.

War were not legal tender for debts prior to their issuance. This decision was afterwards reversed by the Court itself when it was enlarged from seven to nine justices.

The Congress passed the first income tax law and the Court held it unconstitutional. Again the people adopted ordered constitutional methods to remedy matters and the 16th Amendment, specifically authorizing the income tax, resulted. Thereafter, up until the present Administration, the Court held unconstitutional a few other important laws—one fixing minimum wages for women employed in industry, two dealing with child labor, etc. In the first 144 years of the Republic eight such decisions were handed down.

Then came the New Deal—and the part played by the Court became suddenly more important. In the last four years, the Court has outlawed eight major acts of the Roosevelt administration—half of the major acts declared unconstitutional in the whole of its life. Among these acts are the railway pension bill, the Frazier-Lemke law, the AAA, the municipal bankruptcy act, the Guffey Coal Act—and, above all, the N. R. A.

Furthermore, the Court will pass on a number of other major New Deal laws during 1937, and legal opinion generally holds that the decisions will be mostly unfavorable.

Stories close to the White House say that the President has been considering various measures for limiting the power of the Supreme Court or changing its membership ever since the NRA decision. The proposed bill is the upshot of his deliberations, and it came as a surprise to many of his associates and to most of the Democratic spokesmen in Congress. Opinion tends to the belief that months of debate must ensue before the bill is either passed, defeated or revised. In the meantime, the judicial issue will be thoroughly aired, and it is the considered feeling of observers representing all shades of opinion, that it is as important an issue as has ever appeared in the history of the United States.

Immediate effect of the judicial reorganization message was felt by industry. Says Business Week: "The President's message for reorganizing the Supreme Court fell like a bombshell on the business community, reviving fears of new forms of industrial and agricultural control." Even so, securities after a brief recession continued their upward advance. Most of the recent business news so far as production and earnings are concerned has been encouraging.

Credit Executives at Farm And Home Week

Two representatives of the Farm Credit Administration, Springfield, Mass., are to appear on the farm credit program arranged for Wednesday, March 31, the third day of Farm and Home Week at the University of Maine. They are H. B. Munger, president of the Production Credit Corporation, and G. W. Lamb, president of the Bank for Cooperatives in this district.

Mr. Munger is to speak on recent developments in production credit, and Mr. Lamb on relations between Maine farmers and the Bank for Cooperatives. On the same program, Professor Charles H. Merchant of the University of Maine department of agricultural economics is to discuss the credit needs of Maine farmers. A round table discussion follows the talks.

Mr. Munger is a graduate of Cornell University and was for seven years professor of farm management at Iowa State College. For 10 years prior to 1935 he was in charge of appraisals for the Federal Land Bank in western New York. He now

owns and operates an extensive crop and livestock farm in the Genesee valley of western New York. The Production Credit Corporation supervised by Mr. Munger consists of 30 credit associations in New England, New Jersey and New York. These units operate several million dollars have been made annually in Maine for several years. Mr. Lamb is also a Cornell graduate and a master farmer in the state of New York. He was formerly manager of the New York Cooperative Seed Potato Association and was at one time president of the New York State Farm Bureau Federation.

Smallest Person Ever Exhibited
The smallest person ever exhibited in the United States was the Mexican midget, Lucia Zarate, who appeared in B. F. Keith's Gaiety museum in Boston in the 1880's. When she opened with this show Miss Zarate, according to Collier's Weekly, although twelve years of age and well proportioned, weighed only five pounds.

The Malthusian Theory. The theory of Malthus was that population increases by geometric ratio and the means of subsistence by arithmetic ratio, hence there is bound to be poverty and distress in the world. The theory was based on the fact that the number of children born to a couple was more than the number who died, and that the land was being cultivated to the point of exhaustion.

Edward Orison Bean

The death of Edward Orison Bean, aged 64, occurred Monday, Feb. 22, at his home, following a month's illness of influenza. He was born Jan. 23, 1873 at Milton Plantation, the son of Aaron and Hester Glinda Bean, and had lived in Woodstock the past 42 years. He was a retired farmer. Besides his widow, the former Lucy J. Crockett, he leaves two sons, Clifton E. of Rumford, and Chester, of Bryant Pond; a daughter, Miss Esther I. Bean of Bryant Pond, a sister, Mrs. Lillian Coffin of Peru, and a brother, Alvertus, of Rumford.

Funeral services were held Wednesday afternoon, Feb. 24th, at the Baptist Church. Rev. Alexander B. Forbes, officiating. The remains will be placed in the tomb at Spring. The floral tribute was beautiful.

The Ear of Dionysus. The Ear of Dionysus was a famous quarry near Syracuse, in which the slightest whisper was audible at a great distance. It was connected by a secret passage with the palace of Dionysus, the elder. The term is also applied to an acoustic instrument.

OXFORD COUNTY UNITED PARISH

The first of our Fellowship Suppers will be held at Center Lovell on Friday evening of this week, with Rev. Rensel Colby, of South Paris, as a guest and the special speaker of the evening. The members of the Church are asked to bring any problems or questions pertaining to the life or work of the Church, which they would like to have discussed.

Sunday is the Fourth Sunday in Lent. At the morning services we will have Communion. In the afternoon there will be a service at the Albany Town House School, and also at the home of Mrs. Hugh Little. The Young People will continue their discussions of the Christian Life in the evening.

On Monday evening the Bible Study Class will meet at the North Waterford School.

All of the members of the North Waterford Church are invited to the Fellowship Supper on Tuesday evening at the Vestry. Members of other Churches, living in the Community are also invited.

Mr. Warren Palmer of the Norway Congregational Church will be the speaker for the Lenten Service at Waterford, Wednesday evening, at 7:30.

The East Stoneham Circle Supper will be held on Thursday evening. The special Lenten Service, for the folks at Stoneham and North Waterford will follow the supper, and the speaker of the evening will be Rev. Rensel Colby.

At the service at Center Lovell on Friday evening, following the Circle Supper, Rev. Walter W. Swank will speak.

This last week has been a sad week in our Parish. We are saddened by the passing of such good friends as Mr. Will Green, in South Waterford; and Mrs. Grace Elliott, a member of the North Waterford Church. Mrs. Eckley Stearns of Center Lovell, for more than four score years had been living a life that reflected charm and quiet beauty to all who knew her or came within her influence. Our deep and heartfelt sympathy we give all their bereaved loved ones.

The cast has already started rehearsing for the Easter play. This year our young people are presenting: "Things That are Censured."

East Stoneham

Mrs. Sarah Farnham is staying at George Allen's.

Little Alma Walker of Harrison is staying with her aunt, Mrs. Kathryn Dammun, for a while.

There is a new driver on the No. 10. Bridgton school bus.

Charles Merrill and family of So. Paris moved into their new home at East Stoneham, Saturday.

Mrs. Georgia McAllister is quite sick. Audrey Andrews is caring for her.

Vesta Barker, Albert Nelson and Louise Littlefield were in Lewiston for the day, Thursday.

Betty Littlefield and Helen Trimback have been the guests of their aunt, Mrs. Mabel Grover, at Welchville for the past week.

Our town meeting was a very quiet one as there were not many changes made from last year. Fred Warren, road commissioner and Nellie McAllister, collector, were the only new officers elected. Dinner was served at the vestry.

The beano party at Union school house, Saturday evening, was a great success in every way. About seventy adults and children enjoyed the evening. A penny lunch consisting of scallops, salads, sandwiches, pies, cream and fancy cakes and coffee was served. Twelve dollars was cleared. This will be used for needed repairs on the church later on in the season. The Willing Workers hope to hold one more beano party some time this month.

Burton, Catherine and Betty Farnham of Bryant Pond were week-end guests of their grand-parents, Mr. and Mrs. G. W. Q. Perham.

Frank and Ernest Packard of 'Trap Corner were week end guests at Harlan Andrews'.

Gerald Benson and H. M. Andrews were in Westbrook on Thursday to deliver a load of caskets for I. W. Andrews and Sons.

About the usual excitement at Town Meeting today. Gerald Benson was elected for his third term to serve as road commissioner for this part of the town. This is very good proof of the satisfaction that Mr. Benson had given in his two previous years work. Very few changes in our town officers were made. Some less money was raised this year. This ought to be a little help to the tax payers when they receive their tax bills this spring, as it seems as if every year a little more has been added.

The Willing Workers were entertained on Wednesday of last week at the home of Vice President Mrs. Velma Davis. Some darning and sewing was done for the hostess.

Two contests were held and prizes were won by Jessie Andrews and Wilma Hendrickson. Refreshments of sandwiches, fruit jello, filled cookies and coffee and tea were served. The next meeting will be March 10th when they plan to meet with Mrs. Wilma Hendrickson.

Mrs. Emil Heikkinen, who has been confined to her bed for a number of months, caused by a very bad fall, was able to walk to the table and eat with the rest of the family for the first time last week.

The family of A. N. Felt have been ill with the prevailing epidemic, but are all improved at this writing.

C. A. Bonney of Sumner visited at A. M. Andrews the past week.

Miss Florence Benson was in Lewiston on Tuesday of last week.

Mrs. W. P. Briggs, of Winthrop, has been chairman of the local women's farm bureau for 15 years. She has never missed a regular meeting of the organization.

North Newry

A fine baked bean and pastry dinner was served Monday, town meeting day, for the benefit of the Church, and was in charge of Mrs. J. B. Vail.

Mrs. Ida Wight, her mother, Mrs. Abbie Littlefield, and Grandma Wight spent Saturday with relatives in Bethel.

Lester Lane has purchased the J. L. Ferren place and plans to move his family there the last of the week.

Quite a number from here attended "Bank Night" at Bethel, Tuesday.

The Farm Bureau meeting was at Mrs. F. W. Wight's last week with a good attendance.

Miss Helen Richardson returned to her home in Auburn, Sunday, after spending a week with her aunt, Mrs. J. B. Vail.

The supper and whist party was well attended Saturday night, held at the Grange hall. Another supper and whist party will be held Saturday evening, March 13, at the home of Mrs. E. E. Bennett at Bethel.

Perfect attendance for the week: Warren Powers.

100% in spelling: Ann Ball, Barbara Learned, Richard Ball, Walter Ball, Mabel Johnston.

For silent reading the eighth grade is using "Wild Animals I Have Known" and "Rolf in the Woods" by Ernest Thompson Seton. For a combined project in civics and English, papers have been written concerning the present controversy over the Supreme Court.

Visitors for the week were: Mrs. Learned, Mrs. Warren, Mrs. McPherson and Miss Lucia Van.

Rev. Louis C. Harnish of Standish was the guest of Rev. and Mrs. John C. Manter, a few days last week.

John Angeline has returned home from the Rumford Community Hospital, where he has been for a long time.

W. L. Sargent is very ill with pneumonia. Mrs. Sargent is in poor health.

Mr. and Mrs. T. A. Durkee have returned from Boston and vicinity where they have spent a month with friends.

C. A. Judkins was in Augusta one day last week on town business.

Mrs. Wilfred Richard of Rumford is the guest of Mrs. Albert Allen a few days this week.

The Girls' 4-H Club held a meeting at the home of Mrs. Dan Barnett, Monday evening, March 1st. After their business meeting and their discussions of plans for bedrooms, they had a singing party.

G. A. Judkins hauled a load of telephone poles to Rumford one day last week.

The Young People's meeting was held at the home of Mrs. Addie Colby last Sunday evening.

PRIZES AWARDED IN W. H. S. PUBLIC SPEAKING CONTEST

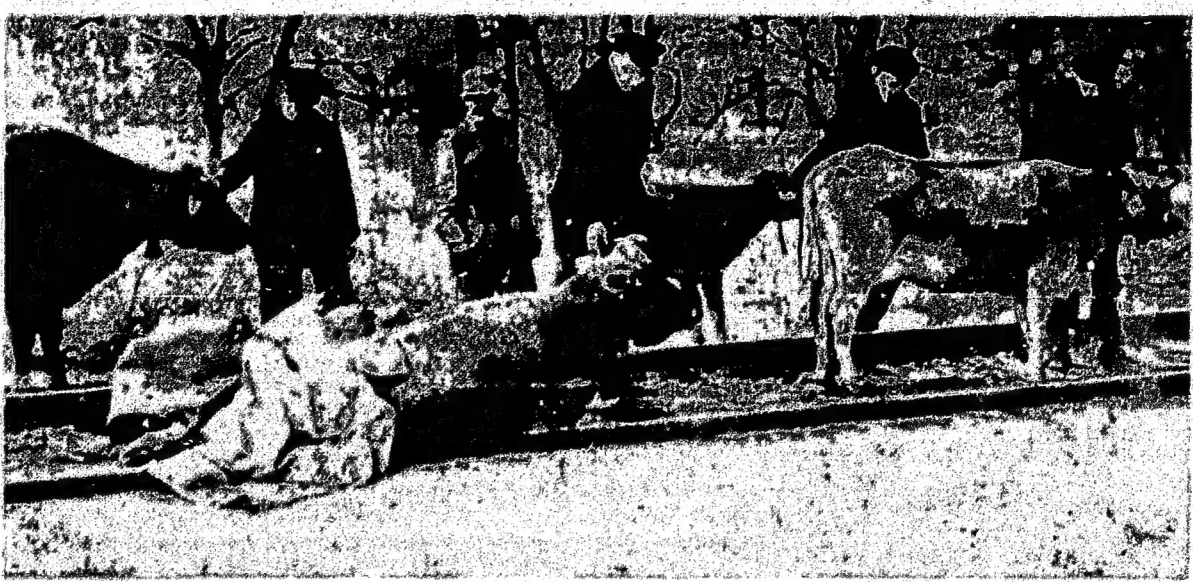

The Annual Public Speaking Contest of Woodstock High School was held last Thursday evening, Feb. 25, at the Grange Hall, Bryant Pond. The prizes awarded were as follows: Girls—first prize, Barbara Cole; second prize, Ida Cushman; Boys—first prize, Stanley Farrar; second prize, Clayton Ring. Miss Barbara Cole was named best speaker of the evening.

All students competing in this contest were coached by Miss Doris Neilson, teacher of English. Mr. Wood of South Paris High School, Mr. Whitcomb of West Paris High School and Miss Harriet Baker, teacher at West Paris High School served as judges for this contest.

"Margo," a comedy in three acts, will be presented April 9 as the second play of the year. Sixteen year old Margo Brown presents herself as a child by her father who is unable to support his family. Margo with her friend Jimmy gets a corner on the egg market and their business prospers. The difficulties she encounters form the basis and plot of this play.

Frankie Day lives on Stage. Margo is to see part of the play.

Members of the U. S. Coast Guard shown evacuating live stock and farm residents near Cairo, Ill. Here Coast Guard men are shown taking possession of cows found on a railroad right of way which is higher than the ground from which the flood had driven them.

Quits

WHEN Richard first heard the girl sobbing he didn't quite know whether to leave her alone, or make an attempt to comfort her. She was seated on a marble bench behind a row of lilac bushes. The reflection of lights from the huge living room of the Ballardslow mansion was only faint here, but a full moon illuminated the bench in a sort of enchanted glow.

Richard was quite sure that the girl had neither seen nor heard his approach. He had been walking along the pebble drive that wound eventually up before the mansion's front entrance, when the girl's soft sobbing attracted his attention. It was such a heart-rending sound that Richard finally decided to be as gallant as possible.

He threw away his cigarette and rounded the lilac bushes. The girl looked up as his silhouette cut across the moonbeams, and seemed to start as if in fear.

"I'm sorry," Richard apologized. "I heard you sobbing and wondered if there was anything I could do."

Finally the girl looked up. "I'm sorry," she began brokenly. "It's so silly." She stared at him, as if wondering how he would take her next remark. Then: "I'm so—lonely."

Richard arched his brows. "Lonely? Why, that's a bit of a shock. A pretty girl like you. Lonely?"

He made as if to sit down, and the girl moved to give him room.

"I'm not the best companion in the world," Richard smiled. "But I might do in a pinch."

"Anyone will do just now," the girl said, and Richard ran a finger around the inside of his collar and looked at her sidewise. "I'm Sylvia Ballardslow," she went on.

"Indeed," said Richard. "I believe this party—or that party—(he jerked a thumb over his shoulder) 'is being held in your honor!'"

"That's exactly what the trouble is," Sylvia sobbed. "Father is announcing my engagement tonight to a man—I don't love." The tears came again and Richard waited patiently.

"Really," he said. "That is a predicament. And an old chestnut at that. You're quite sure you don't love your—er—this man?"

"Oh, I'm sure that I don't. You see, he's the son of a boyhood friend of father's, and father insists that I marry him. It's most upsetting. I've never seen the man, but I know I shall detest him."

"You seem emphatic enough," Richard agreed. "Have you any particular cause for such a conscientious dislike?"

"Only that his father—my father's friend—is a staid and stuffy old person, and he can't be much different. Besides, it isn't fair to ask a girl to marry a man she's never seen."

"I can readily sympathize with you on that angle," said Richard moodily. "You see, I'm confronted by more or less the same proposition myself."

"Really?" said Sylvia. "Does your father insist that you marry a

Gilead

Last Friday was Blue Friday for the youngsters of Gilead. Charlie Quimby sheared his whiskers on that day so he didn't run for Santa Claus after all. Mrs. Quimby rejoiced though.

Town meeting was very quiet. Wasn't even a fight. Brotherly love prevailed throughout. Long, lanky, Barney Swan couldn't ride Witter's donkey before town meeting as was planned. He was going to stump for George Daniels. Daniels is a faithful Democrat and Barney planned to ride the party emblem bearing a sign "Vote for the Judge for continued prosperity." But the emblem was too much for Barney. (No kidding). The Victory Ball was held on Monday night with a shortage of women. Kate Goodnow called it a "He man's dance."

Miss Shirley Cole spent a few days last week visiting in Gorham, N. H.

Alton Joudroy and family spent Sunday here visiting.

Regular meeting of the Grange was held Tuesday night, March 12. The next meeting will be an Open Night in respect for St. Patrick's Day.

Ken Stewart went down to Bethel Sunday night to vote Monday morning. He returned Monday noon with a knapsack full of love stories. He claims the only gale you can get hot up over—safely—are those in the magazines.

Coal in Michigan.
The earliest production of coal in Michigan occurred in the Jackson district in 1835, according to the geology division of the department of conservation. Three years later coal was produced in the vicinity of Grand Ledge. Many of the coal deposits found in the state since that time were uncovered during the drilling of salt wells.

"Man" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, March 7, 1937.

The Golden Text is: "Ye are my witnesses, saith the Lord, and my servant whom I have chosen." (Isaiah 43:10).

Among the citations from the Bible is the following: "So God created man in his own image, in the image of God created he him; male and female created he them." (Gen. 1:27).

The Lesson-Sermon also includes the following selections from the Christian Science Textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy:

"The Scriptures inform us that man is made in the image and likeness of God. Man is spiritual and perfect; and because he is spiritual and perfect, he must be so understood in Christian Science." (page 475:7-9, 11-13).

Testimonial meetings at 7:30 p. m. on the second Wednesday of each month until May.
